WELCOME FROM THE PROGRAM CHAIR

The American Academy of Maxillofacial Prosthetics (AAMP) would like to invite you to partner with us and promote your services and products to our membership and conference guests. The AAMP, founded in 1953 will be holding their 67th annual meeting November 1 to 3, 2020 in New Orleans, a meeting dedicated to maxillofacial rehabilitation.

The theme for our meeting is the "Maxillofacial Rehabilitation: A Global Perspective". Our membership includes leaders in the field of 3D imaging, scanning and prototyping, virtual planning, robotics, biomaterial science, functional outcomes, preventing and managing morbidities associated with cancer therapy. We are a dedicated academy of academic, military and private practice professionals who are eager to learn about the latest technologies and products that would enhance and improve patient care.

This meeting prospectus describes several opportunities for corporate partnership with the AAMP at the 67th scientific session. Partnering with the AAMP provides instant name recognition with the academy fellows and guests, year-round branding opportunities and access to your customers. By partnering with industry, we are able to provide our patients with the best available technologies, materials and products to advance the rehabilitation of this very special patient population.

Yours Sincerely,

Dr. Joseph M. Huryn
