

American Academy of Maxillofacial Prosthetics
69th Annual Meeting: October 30 – November 1, 2022
Omni Austin Downtown, Austin, Texas

Program Speakers – Edmond Bedrossian, DDS, FACD, FACOMS, FAO

Title

Fundamental Principles for the Prevention and the Management of Complications with the Zygoma Implant

Abstract

This presentation will discuss the fundamental principles for the prevention and the management of complications using the zygoma implant. Analogue principles as well as the incorporation of the digital work flow, the DIGILOG concept, will also be reviewed.

Learning points:

- 1) Understanding the principles of treatment planning using the zygoma implant.
- 2) Understanding the prevention and the management of complications using the zygoma implant.
- 3) Use of the Digital work flow in the DIGILOG concept.

Biography
